
Manuli Q-Safe offers a wide range of hydraulic couplings that meet and exceed the industry standards for double shut-off applications.

The Q-Safe products are manufactured to many of the industry standards such as ISO 7241-A, ISO-B, ISO 16028, ISO 15171-1, ISO 5676 and ISO 7241-2.

Manuli Q-Safe range offers hydraulic solutions for markets such as Construction, Agriculture, Forestry, Mining, Utility Vehicles, Transportation and general Industrial.

Product ranges from ¼” to 1½” Body sizes and up to 10,150 psi working pressures and 1,000,000 impulse cycles.

All series are provided with an environmental friendly Cr3+ (Trivalent Chrome) surface coating for an excellent resistance to corrosion, exceeding the ISO 4520 requirements (salt spray resistance: 240 hours for white corrosion and 400 hours for red corrosion).

Manuli also offers a range of Check Valves, caps/plugs and replacement spare parts.

All Q-Safe products are 100% visually, functionally and air sealing tested and available in our Warrendale, PA facility.
