

# NEW FERRULE BOXES

As we continuously improve our products and processes, we have developed and successfully tested new robust boxes for small bore fast rotation ferrules (M00120-04, -06, -08, M03300-04, -06, -08, M03400-04, -06), with a larger capacity than before.

Dimensions of the new boxes as follows:

- 250x150x170cm
- 250x250x170cm

These new boxes enrich the range of the current boxes that remain available:

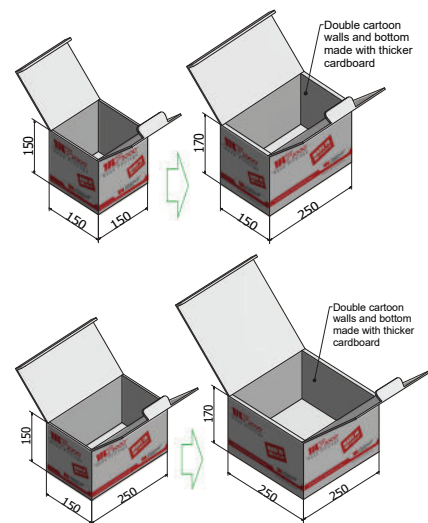

- 150x150x150cm
- 250x150x150cm

Standard Box Ferrule					
Ferrule code	Description	pcs/box	Box code	Box dimensions (cm)	Box weight (kg)
M00120-04	SKIVE FERRULE WIRE BRAID.HOSES 1/4"	150	6000001	150x150x150	4,4
M00120-06	SKIVE FERRULE WIRE BRAID.HOSES 3/8"	100	6000001	150x150x150	4,0
M00120-08	SKIVE FERRULE WIRE BRAID.HOSES 1/2"	50	6000001	150x150x150	2,6
M03300-04	NO SKIVE FERRULE WIRE BRAID HOSES 1/4	150	6000002	250x150x150	3,9
M03300-06	NO SKIVE FERRULE WIRE BRAID HOSES 3/8	150	6000002	250x150x150	5,3
M03300-08	NO SKIVE FERRULE WIRE BRAID HOSES 1/2	70	6000001	150x150x150	3,2
M03400-04	NO SKIVE FERRULE WIRE BRAID HOSES 1/4	150	6000002	250x150x150	5,7
M03400-06	NO SKIVE FERRULE WIRE BRAID HOSES 3/8	150	6000002	250x150x150	5,7

Large Box Ferrule					
Ferrule code	Description	pcs/box	Box code	Box dimensions (cm)	Box weight (kg)
M00120-04L	SKIVE FERRULE WIRE BRAID.HOSES 1/4" LB	300	6001185	250x150x170	8,7
M00120-06L	SKIVE FERRULE WIRE BRAID.HOSES 3/8" LB	200	6001185	250x150x170	8,0
M00120-08L	SKIVE FERRULE WIRE BRAID.HOSES 1/2" LB	100	6001185	250x150x170	5,2
M03300-04L	NO SKIVE FERRULE WIRE BRAID HOSES 1/4 LB	300	6001186	250x250x170	7,8
M03300-06L	NO SKIVE FERRULE WIRE BRAID HOSES 3/8 LB	300	6001186	250x250x170	10,5
M03300-08L	NO SKIVE FERRULE WIRE BRAID HOSES 1/2 LB	140	6001185	250x150x170	6,4
M03400-04L	NO SKIVE FERRULE WIRE BRAID HOSES 1/4 LB	300	6001186	250x250x170	11,4
M03400-06L	NO SKIVE FERRULE WIRE BRAID HOSES 3/8 LB	300	6001186	250x250x170	11,4

The new large boxes, identified by the new "L" codes, can now be ordered, offering the same standard ferrules with no changes to their specifications. The advantages of the large boxes include:

- **Double Capacity:** The increased dimensions allow double the quantity of ferrules, filling the pallet efficiently.
- **Built to Last:** Made with thicker cardboard to enhance durability.
- **Reinforced Strength:** Constructed from a single sheet of cardboard for superior box strength.
- **Robustness:** Double carton walls for the bottom and sides provide extra sturdiness.
- **Secure:** Enhanced box closing mechanism prevents accidental openings.
- **Reliable:** Successfully passed packaging and handling tests for guaranteed performance.

This is just another example of how Manuli Hydraulics consistently enhances the quality and safety of our products.
